

HOW TO ACCESS MEDICATIONS IN CASE OF AN EMERGENCY OR DISASTER

Swyft Scripts has an emergency plan to provide prescriptions to our customers in case of emergency or disaster. SwyftScripts will make reasonable attempts to contact each patient following a disaster to access their needs. SwyftScripts will prioritize patients based upon the urgency of the need for service. The following local services may be contacted by the patient if needed:

- Local pharmacies near the patient's address
- The local hospital(s) near the patient's address
- The local EMS office (911 Services)
- FEMA
