HOW TO OBTAIN A REFILL

Patients may request refills through several convenient options. Refills can be ordered by calling the pharmacy directly, sending a text message to the refill line, using the SwyftScripts app, or through the secure online patient portal. Patients enrolled in the auto-refill program will have their prescriptions refilled automatically when eligible. Refill requests are typically processed for next-day fulfillment. Patients are encouraged to request refills at least one day before they need the medication to ensure timely availability.

Effective Date: October 2025
