### **HOW TO PLACE A PRESCRIPTION ORDER**

Patients may submit new prescriptions to SwyftScripts through any of the following approved methods: in person at the pharmacy, through their prescriber via electronic prescribing, or by fax from the prescriber's office. Prescriptions for controlled substances must be transmitted electronically by the prescriber in accordance with Texas State Board of Pharmacy regulations. When submitting a prescription, patients should ensure that all required information is provided, including their full name, date of birth, address, and insurance details. Prescriptions submitted electronically or by fax must come directly from a licensed prescriber. Upon receipt, SwyftScripts will verify the prescription, check for drug interactions, and confirm coverage before dispensing. Patients will be notified once their prescription is processed and ready for pickup or delivery, based on the patient's preferences and available pharmacy services.
